PCBS CME August 2025

Time: 25 minutes

Total Marks: 20

Name of MPE: .....Territory:.....E.Code:.....

Sl No.	Question	Mark
1	<p><b>For Napa Syrup Residual Solvent Test is done to check for residual solvent within limit as ____ guideline.</b></p> <p>a) BNF b) FDA c) ICH d) APS</p> <p><b>Ans: C</b></p>	0.5
2	<p><b>Ural-K prevents kidney stones recurrence in _____ of patients -</b></p> <p>a) 70% b) 90% c) 50% d) 20%</p> <p><b>Ans: b) 90%</b></p>	0.5
3.	<p><b>Write down the chemical composition of Progavi in each 10 ml dose.</b></p> <p><b>Ans:</b> Each 10 ml contains: Sodium Alginate BP 500 mg, Sodium Bicarbonate BP 213 mg and Calcium Carbonate BP 325 mg</p>	1
4.	<p><b>Write down four (4) FABs of Becoral D/DX?</b></p> <p><b>Ans:</b></p> <ol style="list-style-type: none"><li>1. We are using OPADRY EZ that acts as lubricating agent which ensures easier swallowing.</li><li>2. Becoral is completely Gluten-free thus eliminates the side effects that are responsible for patient dropout and ultimately ensures more patient adherence.</li><li>3. Becoral contains Magnesium that acts as laxative agent and thus reduces the chance of Calcium-induced constipation.</li><li>4. We are using LDMD (Laser Diffraction-Malvern Dry) method to ensures particle size below 45µ which ensures more absorption of Calcium than any other Coral Calcium preparations.</li><li>5. Becoral provides highest elemental Calcium (Becoral D 500 mg &amp; Becoral DX 600 mg) which is higher than any other available conventional Calcium preparations which significantly increases BMD level of patients.</li><li>6. Becoral breaks down in the stomach in only 60-90 seconds which ensures faster absorption.</li><li>7. 91% of Becoral dissolves within 30 minutes that allows faster recovery of Calcium level.</li><li>8. Becoral shows high absorption rate of 70% thus ensures maximum concentration at target site, which helps to build stronger bone.</li></ol>	2

5.	<p><b>What is the efficacy rate of Omastin against Vaginal candidiasis.</b></p> <p>a) 96.0% b) 95.1% c) 88.1% d) 90.8%</p> <p><b>Ans: d)</b></p>	0.5																		
6.	<p><b>In Zopride, the maximum single impurity is _____ % and total impurity is _____ %</b></p> <p><b>Ans: 0.02%, 0.04%</b></p>	1																		
7.	<p><b>Why Fosamin® is able to cure uncomplicated UTI in just a single dose?</b></p> <p>a) Unique bactericidal action b) USFDA Pregnancy Category B c) Effective against ESBL producing uropathogens d) Maintains high concentration in urine for longer period of time</p> <p><b>Ans: d)</b></p>	0.5																		
8.	<p><b>Bextram Gold contains vitamins _____ and _____ to fulfill daily energy needs.</b></p> <p><b>Ans: B, Iron</b></p>	1																		
9.	<p><b>Write down the following BP Specification and what we maintain in the quality control tests of Napa Syrup.</b></p> <table border="1"> <thead> <tr> <th>Name of Test</th><th>BP Specification</th><th>We maintain</th></tr> </thead> <tbody> <tr> <td>Potency test</td><td></td><td></td></tr> <tr> <td>Diethylene Glycol test</td><td></td><td></td></tr> </tbody> </table> <table border="1"> <thead> <tr> <th>Name of Test</th><th>BP Specification</th><th>We maintain</th></tr> </thead> <tbody> <tr> <td>Potency test</td><td>95%-105%</td><td>97%-105%</td></tr> <tr> <td>Diethylene Glycol test</td><td>Not more than 0.1%</td><td>Below 0.005%</td></tr> </tbody> </table>	Name of Test	BP Specification	We maintain	Potency test			Diethylene Glycol test			Name of Test	BP Specification	We maintain	Potency test	95%-105%	97%-105%	Diethylene Glycol test	Not more than 0.1%	Below 0.005%	2
Name of Test	BP Specification	We maintain																		
Potency test																				
Diethylene Glycol test																				
Name of Test	BP Specification	We maintain																		
Potency test	95%-105%	97%-105%																		
Diethylene Glycol test	Not more than 0.1%	Below 0.005%																		

10.	<p><b>What unique selling point should be promoted for Acifix in the Cardio &amp; Diabetic segment?</b></p> <p><b>Ans:</b></p> <p>Acifix (Rabeprazole) undergoes mostly non-cytochromic metabolism, ensuring the least inter-patient variation and least drug-drug interactions, making it the preferred PPI for cardiac and diabetic patients. Moreover, Acifix is manufactured with Gamma Rabeprazole, ensuring stability at room temperature and 99.9% purity.</p>	1
11.	<p><b>Which of the following is false for Tuspel?</b></p> <ul style="list-style-type: none"> <li>a) In a cool way cough and cold goes away.</li> <li>b) Can be used in patients over 12 years old.</li> <li>c) Give relief from 2 symptoms.</li> <li>d) Sugar free</li> </ul> <p><b>Ans: C</b></p>	0.5
12.	<p><b>Which statement is false for Jointec Max?</b></p> <ul style="list-style-type: none"> <li>a) It can be given to Hypertensive &amp; Diabetic patients</li> <li>b) It has dosage convenience</li> <li>c) It has long established safety data</li> <li>d) It is not suitable for renal impaired patient</li> </ul> <p><b>Ans: d) It is not suitable for renal impaired patient</b></p>	0.5
13.	<p><b>Write down the names of any two international bodies that recommend Montelukast as an ideal treatment for allergic conditions?</b></p> <p><b>Ans:</b></p> <p>ARIA (Allergic rhinitis &amp; its impact on Asthma)  NICE (National institute for health &amp; care excellence)  ASCIA (Australian society of clinical immunology &amp; allergy)</p>	1
14.	<p><b>What is the positioning of Prosan HZ?</b></p> <p><b>Ans: Stronger BP reduction with better risk reduction</b></p>	1
15.	<p><b>Write down which of these statements from Tyclav are True or False</b></p> <ul style="list-style-type: none"> <li>a) Tyclav can not be <b>given to neonates</b> (from age of day 1) [ True / <b>False</b> ]</li> <li>b) USFDA <b>pregnancy category C</b> [ True / <b>False</b> ]</li> <li>c) Ideal choice for <b>sequential therapy</b> [ <b>True</b> / False ]</li> <li>d) <b>BTS and ATS recommend</b> Co-amoxiclav as first choice in Pneumonia [ <b>True</b> / False ]</li> </ul> <p><b>Ans: False, False, True, True</b></p>	2

16.	<p><b>Which of the following is NOT a feature of Nervalin CR?</b></p> <p>a) Once-daily dose b) Fewer side effects c) Higher cost than competitors d) 24-hour sustained release</p> <p><b>Ans: C</b></p>	0.5
17.	<p><b>Write down four (4) Unique Selling Points of Bactrobex.</b></p> <p><b>Ans:</b></p> <ul style="list-style-type: none"> <li>• Micronized Mupirocin ensures higher Bioavailability with better absorption.</li> <li>• Broad Spectrum Antibiotic Protection</li> <li>• Supreme efficacy with Maximum Bactericidal and inhibitory action</li> <li>• Powerful topical antibiotic for wide range of Bacterial skin infection</li> </ul>	2
18.	<p><b>Monocast provides superior nighttime symptoms relief when compared to-</b></p> <p>a) Cetirizine b) Rupatadine c) Conventional antihistamine d) None</p> <p><b>Ans: c) Conventional antihistamine</b></p>	0.5
19.	<p><b>Conventional treatments for neuropathy like Pregabalin IR and Mirogabalin need to be taken _____ to _____ times a day.</b></p> <p>Answer: 2, 3</p>	1
20.	<p><b>How Jointec Max show's structure modifying effect?</b></p> <p>Ans: Diacerein decreases the inhibitory effect of IL-1 on the synthesis of collagen which ultimately promotes structure modifying effect.</p>	1
